Dear Friends of Concordia Elementary,

The Splash Foundation is a California non-profit 501(c)3 organization, founded by Concordia families to support educational opportunities for our children.

Each year, we put on The Splash Bash - an entertaining night of music, dancing, dinner, cocktails, and auctions - in an effort to raise money to bridge the funding gap created by statewide budget cuts, support existing educational programs at Concordia, and help fund new cutting edge programs, technology, and other teaching tools.

We are collecting donations for our live and silent auctions from our local and corporate businesses once again in hopes that we can make it a great event. So many of you supported us last year and because of your generosity, we raised \$110,000 in ONE NIGHT! Thank you! We're hoping to raise as much this year for our scholars. Almost all of our fundraising goes directly to the school.

This year we have been able to fund:

- 6 instructional aides in Art, Computer Technology, Reading, Science, Makerspace, and the library.
- YMCA's PE program
- Our early stage writing program, "Write From the Beginning & Beyond"
- Makerspace training, projects, and materials
- ST Math, an app-based, early stage math program
- Science Night in partnership with the Discovery Cube
- iPad carts & Chromebooks for the classrooms

The Splash Bash will be held at the San Clemente Elk's Lodge on May 2, 2020. If you choose to donate, you will be highlighted on our Instagram and Facebook accounts, website, eblasts, banners, and flyers that go home to all 600 students at our school.

Thank you for considering a tax deductible donation to the Splash Foundation. We are proud to be part of this generous community and are grateful for anything you're able to contribute.

Sincerely,

Randy Merritt  
President

Kirk Fisher  
Vice President
